

Corporate Partners Program

Join forces with us and become a partner for life

Never before has there been a more critical time to change the course of healthcare in the United States. At Meharry Medical College, support from our corporate partners is a primary reason we can continue to offer real-world, hands-on experiences to our students, grow the institution's centers and degree programs, and fund cutting-edge research.

Our Corporate Partners Program (CPP) recognizes our institutional supporters who contribute to Meharry through corporate sponsorships, in-kind donations, skills-based volunteerism, and cause marketing.

Becoming a Meharry Corporate Partner will allow your organization to:

- 1) Enhance your brand through association with an esteemed HBCU and producer of tomorrow's healthcare leaders
- 2) Become actively engaged in building strong working relationships with leaders from Meharry's districts
- 3) Access a variety of events and recognition throughout the year
- 4) Showcase your relationship with Meharry through website articles, social media, news releases, and corporate & student newsletters
