A Brief History of Meharry Medical College

Meharry Medical College was founded in 1876, as the Medical Department of Central Tennessee College, to educate freed slaves as health care professionals. Fifty years prior to its formal founding, a family of former slaves befriended sixteen-year-old Ohio farmer Samuel Meharry while traveling through rural Kentucky. Meharry was touched by the kindness and generosity of the desperately poor Black family and vowed to repay his debt of gratitude. In 1876, Meharry and his brothers made a \$30,000 gift toward the establishment of the medical department of Central Tennessee College. The Freedman's Aid Society of the Methodist Episcopal Church and the John F. Slater Fund also were contributors.

In 1915, Meharry separated from Walden University (the successor institution to Central Tennessee College), having received a new charter from the State of Tennessee. It did, however, retain its affiliation with the Methodist Church. In January 1916, bylaws were adopted providing for the governance of the College by an 18-member board of trustees. On that same date, the board appointed Dr. George W. Hubbard as the institution's first president.

In the years following, as Meharry continued to grow, it became necessary for the College to move from its four-story building in south Nashville to its present location on Dr. D. B. Todd Boulevard in north Nashville in 1931. The cost of the facility was \$2 million and was made possible by major gifts from the Edward Harkness Foundation, the Rockefeller Foundation, the Julius Rosenwald Fund and George Eastman of the Kodak Foundation.

From these humble beginnings, the College has become the largest private, historically Black institution in the United States exclusively dedicated to the education of health care professionals and biomedical scientists. Today it includes the Schools of Medicine, Dentistry, Graduate Studies and Research, and Allied Health. It has remained a private institution and their respective accrediting bodies accredit all of the College's schools and academic programs. The College has also continued its relationship with the United Methodist Church, receiving approval by the Church's University Senate and funding from its Black College Fund.

The dental department within the Meharry Medical Department of Central Tennessee College was conceived in 1884. Two years later, the dental course was organized within the department as part of the medical curriculum. This expanded its mission as the first institution in the Deep South to train African American dentists and it was also one of a few in that era to promote the recruitment of women into the profession.

The Board of Trustees

(as of November 1, 2024)

Dr. Nelson L. Adams, III, Chair

Mr. Milton H. Jones, Jr., Vice Chairman

Dr. James E. K. Hildreth, Sr., President and Chief Executive Office

Mr. Carl Z. Adams, Jr.

Dr. Brandon Barton, Jr.

Dr. Destini Black

Mr. Kevin Bryant

Ms. Cynthia Day

Dr. Coyness L. Ennix, Jr.

Rev. Roland Fernandes

Dr. Eric A. Floyd

Dr. Bianca M. Frederick

Dr. Dawn B. Griffin

Dr. Lewis Hargett

Dr. Ethel Harris

Mr. Aubrey Harwell Jr.

Dr. Martin D. Jeffries

Dr. Collis Johnson

Dr. Audrey J. Murrell

Mr. Edgar G. Rios

Dr. Thomas A. Scott

Dr. Edith F. Smith-Rayford

Mr. James E. Williams

Dr. Kenneth Williams

Mr. Lorenzo Williams

Dr. Robert L. Williams, Jr.

Dr. Kevin E. Woods

Ms. Carol H. Williams-Hood

Student Observer: Mr. Christian Boone

Emeritus Member

Dr. Frank S. Royal, Sr., Board Chair Emeritus

Meharry Mission Statement

Meharry Medical College is a global academic health sciences center advancing health equity through innovative research, transformative education, exceptional and compassionate health services and policy-influencing thought leadership. True to its legacy, Meharry empowers diverse populations to improve the well-being of humankind.

Meharry Vision

In 2026, Meharry Medical College will:

- Have an enrollment of more than 1,700, including 900 medical students, 500 dental students and 300 graduate students.
- Enroll students in:
 - Medicine
 - Dentistry
 - Biomedical science
 - Public health
 - Health policy
 - Health economics
 - Medical sociology
 - Data science
 - Physician assistant studies
 - Biomedical engineering
 - Bioinformatics
- Enroll students from across the U.S. and around the world who aspire to improve the lives of disadvantaged populations.
- Have a residential population of at least 1,200 on the “village campus.”
- Be the national model for the delivery of inter-professional training for aspiring students and working professionals
- Be a leader in data-driven, health equity-focused research in the following areas:
 - Cancer
 - Educational effectiveness and performance
 - Infectious disease

- Mental and behavioral health/substance abuse
 - Obesity/cardiovascular disease
 - Oral health
 - Precision medicine/health
- Be the trailblazer in defining and implementing a new model for delivering value-based, patient-centered health care:
 - In Nashville
 - In rural Tennessee and the Mississippi Delta
 - In urban communities across the U.S.
- Be a national leader in clinical medicine in:
 - Cancer
 - Infectious disease
 - Mental and behavioral health/substance abuse
 - Obesity/cardiovascular disease
 - Oral health
- Have a network of regional, national and international partners to expand its clinical reach and provide additional educational opportunities for students and residents.
- Have a comprehensive multi-specialty group practice composed of technologically adept primary care and specialist physicians, dentists and oral surgeons, advance practice nurses, physician assistants, pharmacists, optometrists, nutritionists, behaviorists, and community health workers who provide value-based, patient-centered health care.
- Collaborate in the design and implementation of focused synergistic community networks that complement MMC's education, research and clinical missions and provide leverage for service engagement opportunities.

Meharry's Core Values

Meharry Medical College is a community of scholars and learners committed to excellence.

These are our core values:

- Accountability with transparency
- Equity with inclusion
- Respect with collegiality
- Service with compassion
- Integrity without exception

Degrees Offered

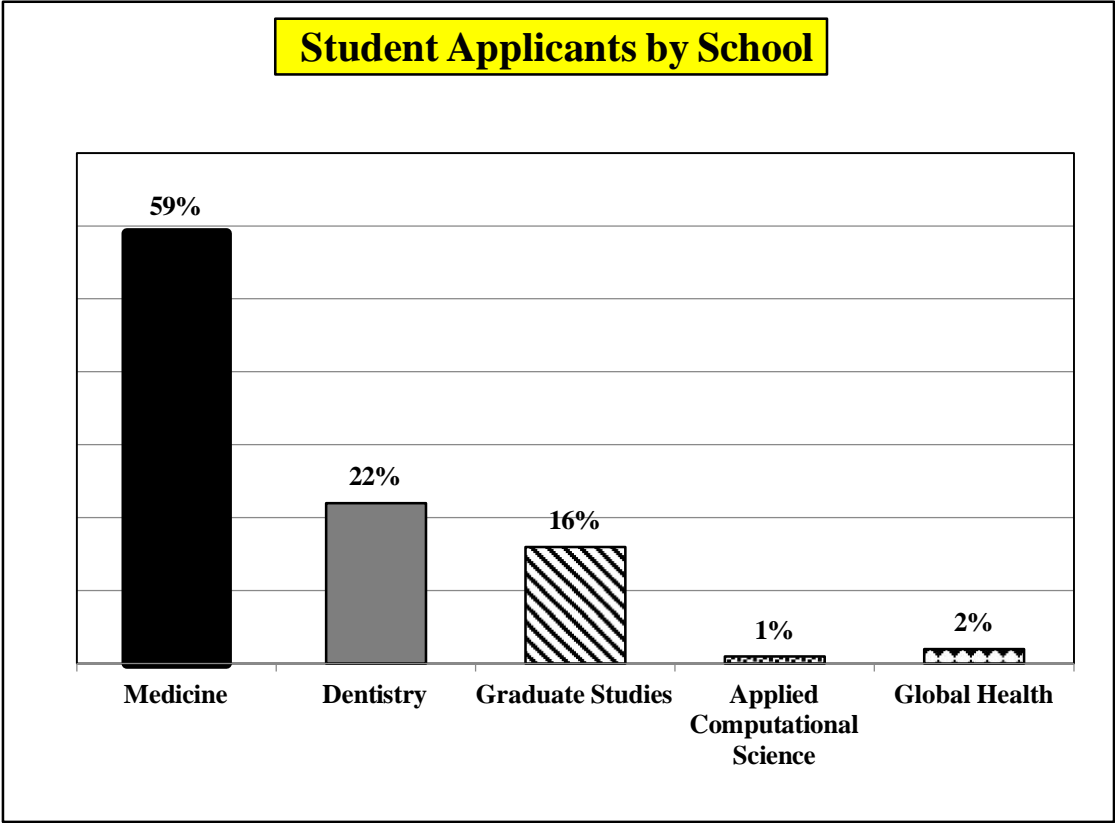

CIP Code Description	CIP Code	Degree Levels*		
		MS	Ph.D.	FPD
Biomedical Sciences	26.9999		X	
Biomedical Data Sciences	26.0102	X	X	
Data Sciences	30.7001	X
